SUMMARY

Seasoned developer adept in crafting WordPress plugins and Laravel web applications for sale, alongside tailored solutions for clients. Pioneered online work at a young age, honing skills in direct client collaboration and software creation. Proven track record of delivering quality solutions to global clientele.

EXPERIENCE

- 2015 - Present** • **Web Developer**
Self Employed
codecanyon.net/user/firassaidi
 - Created WordPress and Laravel web applications for sale, while also collaborating directly with clients to tailor existing products or spearhead new projects to exact specifications.
 - As a software developer and seller, I've offered customer support and maintained projects for a decade, ensuring client satisfaction and product longevity.
 - I integrated third-party APIs into both new and existing projects, enhancing functionality and extending capabilities for optimal performance and user experience.
 - I began working as a freelancer while I was still studying.*
- 2018** • **Web Developer - Internship**
Tunisia
Tunisair Express
Developed an electronic document management system for Tunisair Express as part of my degree end of studies project.

EDUCATION

- 2018** • **Bachelor's Degree in Computer Science**
Faculty of Sciences of Bizerte
